Hi Jarrod,

We've received an inquiry from Senator Murray's office on the status of the response PFOS/PFOA sampling at Fairchild and Airway Heights. We will give a general update about initiating Phase 3 sampling and I will provide the map you provided to me today. It would be best if we could refer them to your congressional point of contact so they can contact the AFB directly with questions. Can you please provide me that contact name, phone number and email?

Also, received some recommendations from my hydrologist on well sampling upgradient of the municipal wells. I will send that over tomorrow.

Thanks,

Kim Prestbo, Remedial Project Manager
